

Triple Action Enzyme Carpet Spot Remover REMOVEDOR DE MANCHAS

Scan for product's Safety Data Sheet

This ready-to-use, multi-enzyme carpet spotter & deodorizer is designed to remove stains and odors. It utilizes a broad-spectrum odor counteractant that chemically neutralizes the malodor while bacteria work to eliminate the stains. It is a complete solution for carpet spotting. Can be used as a carpet spot remover, deodorizer, as well as pre-treatment. Use on all types of soils and stains. Contains Advanced Gemini Surfactant Technology for better cleaning.

DIRECTIONS

STAIN REMOVAL (Carpet and Rugs): Remove as much of the spill as possible from the stained area. Fully saturate area with solution to penetrate carpet backing. Agitate from the outside in to keep the spot from spreading. Allow to work for 3 to 5 minutes. Blot with clean white towels to absorb stain. Repeat if necessary. Extract or rinse with carpet rinse and neutralizer and blot dry.

DIRECCIONES

REMOCIÓN DE MANCHAS (alfombras y alfombras): Retire todo el derrame posible del área manchada. Sature completamente el área con solución para penetrar el respaldo de la alfombra. Agite desde el exterior para evitar que el lugar se propague. Deje trabajar durante 3 a 5 minutos. Blot con toallas blancas limpias para absorber la mancha. Repetir si es necesario. Extraer o enjuagar con la alfombra de enjuague y neutralizador y secar.
